**ADMISSION CUM SCHOLARSHIP TEST 2025**

## BUILD YOUR CHILD'S CAREER WITH HIS STRENGTHS

The academic journey of a child begins from Std. 9th and goes on to define his career and his entire life. With the increasing levels of competition at the various national entrances, it has become imperative to know your ward's core strengths.

More and more parents wish for their children to pursue careers in science. If you are among those parents, it is important for you to understand the skills that come naturally to your child and those areas that need work.

Having coached thousands of students to top ranks at the various national level engineering and medical entrances, we at Kalrashukla have an in-depth understanding of the different competencies of students. The Aptitude Test we have devised helps us analyse your child's academic excellence and general IQ as well. As students today compete at the Olympiads, at IIT-JEE and at NEET, it is necessary for them to have a well-rounded and well-informed personality.

Whiz Search Admission cum Scholarship Test 2025 is designed to enable students to better understand themselves, and keep this information in perspective as they plan for future careers.

At Kalrashukla, we believe, with Knowledge comes the power to make the right choices, the right decisions.

Enroll your child today for Whiz Search and let our expert teachers and mentors guide you on how you can chart a successful career path for your young one!

## GETTING INTO THE BEST COLLEGES DEMANDS CLARITY OF PURPOSE.

*While there are many students who dream of pursuing careers in engineering or medicine, only a handful really have a plan. Whichever stream your child wishes to pursue, to excel at these competitive entrances, the preparation has to begin from the early academic years – ideally from Std.9th onwards. These are the Foundation Building Years.*

A clear vision and focus of the goal, along with a solid plan of action at every step, is what ensures success at the competitive entrances.

### HOW CAN WE HELP YOU?

Kalrashukla Classes has been successfully coaching students to top scores at engineering and medical entrances for the last 32 years. We have a proven teaching and learning methodology that is followed by all our institutes across India. Once a student enrolls with Kalrashukla, he / she is provided with a definite study plan, target scores that he / she needs to work towards, and regular assignments, assessments and feedback that ensure performance improvement on a daily basis.

Whiz Search, Kalrashukla's Scholarship Test is the first step, that will allow your child to become a part of The Kalrashukla System of Success... this is the first step towards academic excellence.

## WHY WHIZ SEARCH

Whiz Search is an Analytical Test developed to help parents and students get a better insight into the skills and competencies the student already has and highlights the areas that need improvement.

The career determining entrances that students need to appear for at Std. XII level, range from IIT-JEE and NEET to KVPY for pure sciences and CPT for CA, are intense, demanding and highly competitive.

They test a student at various levels: numerical skills, GK, logical reasoning, analytical skills and application of concepts... the list is exhaustive.

Whiz Search will assess your child in these various skills and help you identify which areas your child needs to focus on in the coming years to be able to successfully crack the entrance of his / her choice.

With the right guidance early on, you can be rest assured you are putting your child on the road to career success. Read on for more details.

## HELP YOUR CHILD BUILD A GREAT CAREER!

As a parent, it is your responsibility to guide and groom your ward into a successful adult. Too often, in my long career as a teacher, I have been witness to many good, talented and bright students lose focus because their parents lost focus; or left it to young teen to figure out his / her career path.

While freedom of choice must definitely be given to young students today, you must also understand that youngsters do not have the experience, the exposure, the maturity or the wisdom that is truly required to choose and build careers. That is where parents need to play a critical role, speaking to the child, understanding his dreams and balancing these young aspirations with words of sanity and guidance.

Whether your child wishes to pursue a career in sciences, or take up finance, MBA or even sports; at the core of all these careers stand skills like problem solving, logical reasoning and sharp analytical skills.

These are skills that will stand your child in good stead for life, immaterial of which career he / she chooses to pursue.

A good teacher, a good mentor can make your child's career. It is what we have done at Kalrashukla Classes for the last 32 years. It is a duty that we perform with absolute commitment and pride. And we look forward to doing the same for your child.

## WHY KALRASHUKLA CLASSES

Kalrashukla Classes, Kanpur is the city's leading institute for JEE Main, JEE Advanced and NEET coaching. These are national level competitive entrances that the best students from across India appear for if they wish to pursue a career in engineering or medical.

Over the years, Kalrashukla Classes, Kanpur has successfully delivered city's top rankers at JEE and NEET exams. Even the batch coached during the pandemic has delivered excellent results. To learn from the best in class, connect with us today.

A well defined, tested and proven teaching methodology. We have evolved our processes over the last two and a half decades, and have state and board level toppers to prove the effectiveness of the system.

A disciplined approach to study. We demand consistent efforts every single day across the duration that a student studies with us.

State of the art infrastructure. Preparing for the entrances requires long hours of undisturbed study. We provide our students with calm and quiet classrooms and study areas.

IIT-JEE Advanced Two year Regular & Weekend course	₹2,50,000	5	Std. XI : 3 installments Std. XII : 2 installments
IIT-JEE Advanced Rank Improvement for Repeaters (One year Regular course)	₹1,20,000	2	1st installment: At time of admission 2nd installment: Within 3 months of start of course
IIT-JEE Advanced One Year Std. XII appearing	₹1,00,000	2	1st installment: At time of admission 2nd installment: Within 3 months of start of course
<b>One year Foundation Course</b> Std.X (Only Maths, Science & MAT)	₹65,000	1	Full payment at time of admission
<b>Online Batch For IIT JEE Advanced</b> Std. XI + XII	For One Year ₹30,000 For Two Year ₹50,000	4	Std. XI : 2 installments Std. XII : 2 installments

### Auto-Debit System (NACH/eNACH):

Starting this year, all fee installments will be collected exclusively through the NACH/eNACH auto-debit system. This allows for automated recurring payments directly from your bank account, ensuring timely and secure payments. No post-dated cheques (PDCs) or cash collections will be accepted.

### One-Time Authorization:

During admission, parents will complete a one-time e-mandate registration via net banking, debit card, or Aadhaar authentication. Once verified, payments will be automatically debited as per the schedule.

### Secure and Convenient:

This system is digitally encrypted, ensuring privacy and security. Once set up, there is no need to remember due dates or manually initiate payments. The auto-debit process will handle all transactions on the due dates.

### Important Note:

All installments must be paid through the eNACH system. No manual payments such as PDCs or cash will be accepted. Any modifications or cancellations to the mandate must be handled directly with your bank.

### What to Provide During Admission:

Parents are required to provide their bank account details and verify through Aadhaar, net banking, or debit card to set up the eNACH mandate.

### Online Course

Designed to help students study for the entrances even in these challenging times.

The online sessions are conducted by our expert faculty and backed by Kalrashukla Classes notes and practice sheets. Live doubt clearing sessions help students to interact directly with teachers

### School Synchronized Batch

Two Year course for Std. X to Std. XI moving students aiming to pursue IIT-JEE Advanced

Integrated

This course has been designed especially for high performers, to provide them more contact hours, more quizzes for IIT-JEE preparation.

Classes will be conducted daily, with a focus on improving scores and ensuring minimal errors. This intensive course is ideal for top ranking students.

### Two Year course

for students moving to Std. XI, aiming to pursue IIT-JEE Advanced

Non-Integrated

This program is offered as a Regular and a Weekend course. It helps students understand the scope of the competitive exams that they are appearing for, focus on key subject concepts and build on them extensively

Comprehensive, with topics discussed in great detail in class, followed by numerous problem / question solving sessions in class and through assignments. It is the ideal course for students looking to build fundamentals and attempt the IIT-JEE for the first time.

### One Year course

for students moving to Std. XII, aiming to pursue IIT-JEE Advanced

Non-Integrated

This one focuses on the IIT-JEE Std. XII syllabus, with extensive attention paid to revision of Std. XI topics with practice sessions

Intensive course with focus on key topics. This course moves at a fast pace and is meant for students with strong fundamentals in core subjects.

### Rank Improvement Batch

for Std. XII Pass students, aiming to pursue IIT-JEE Advanced.

Non-Integrated

Designed for those students looking to improve their rank at IIT-JEE and get into the stream of their choice next year.

It builds on students' basic knowledge acquired during the first attempt, by assessing weak areas of performance and strengthening those. The objective is to work closely and intensively with the student to facilitate considerable rank improvement.

### Foundation Courses

X (OLYMPIAD, RMO, KVPY, HBBVS, NSTSE, NTSE)

Non-Integrated

Aimed at Std. IX, X students who plan to pursue careers in engineering and medical, and are looking to build strong fundamentals

Conceptual understanding, key theories, detailed study of important topics from the entrance exam perspective is the focus of these courses.

# NEET

At Kalrashukla, we offer courses for students at every level of preparation. Regular test programs and progress reports ensure a thorough monitoring of the students preparation, helping them to stay on track with their study and syllabus.
